¹ This month's Flash CCI for the EU aggregate is computed on the basis of consumer survey data from 25 EU countries (Greece and Romania are not included), covering 96% of the total private final consumption expenditure. For the euro-area indicator, 18 Member States (all except Greece) are included in the total, covering 98% of the total private final consumption expenditure.

² The consumer confidence indicator builds on replies to selected questions addressed to consumers according to the Joint Harmonised EU Programme of Business and Consumer Surveys. More information on the consumer confidence indicator as well as time series can be found via the following link: https://economy-finance.ec.europa.eu/economic-forecast-and-surveys/business-and-consumer-surveys_en

³ Past results were slightly revised due to seasonal adjustment.

Information

Data collection period: August 1-22

Release policy of the Consumer Confidence Indicator (CCI): Every month, the Directorate-General Economic and Financial Affairs (DG ECFIN) of the European Commission releases the flash CCI for the EU and euro-area aggregates, using the data available on the cut-off date. The final Consumer Survey results are then published as part of the full Business and Consumer Survey release at the end of the month.

The Joint Harmonised EU Programme of Business and Consumer Surveys is managed by DG ECFIN's Unit Economic situation, forecasts, business and consumer surveys (A3), Sector Business and consumer surveys and short-term forecast.
